Chairman's Report

I preface the Twenty-fourth Annual Report of Vancouver Foundation for the year ended December 31st, 1967, with a message of thanks to those benefactors who have added to the funds under our administration during the year. In 1967 these additions aggregated \$1,480,843; thus, in seven years since 1960 our funds have grown by over \$9,000,000 and a further \$7,500,000 will flow to the Foundation in due course from bequests in estates that are still under administration. These latter bequests are not brought into our accounting, however, until the funds are released to us, and the total funds under administration therefore stand on our books at \$11,914,474 and had a market value at the end of 1967 of \$11,652,112.

While the day to day administration of our funds and the investigation of applications for grants devolves upon our permanent staff, decisions with respect to investment policy and the approval of grants are made by our Investment and Distribution Committees whose members serve voluntarily and are drawn from the Board of nine Directors. I record thanks to these Directors for their services, and have asked the Chairman of the two Committees named to report on their work in 1967.

As the role of Vancouver Foundation becomes more widely known as a service institution operating at minimum cost for the benefit of many Community organizations, it is evident that an increasing number of its citizens are turning to the Foundation to fulfil their intentions of providing, on a permanent basis, for the betterment of that Community.

Distribution Committee Report

The distribution of capital and income by Vancouver Foundation in 1967 has been divided in the Annual Report between income paid from designated funds which flows automatically to stated organizations under the terms of those funds, and grants made from undesignated funds. The latter are based on the policy and discretion of Distribution Committees, and in 1967 aggregated \$569,698 out of a total distribution of \$748,820. It will be noted that the last mentioned figure is lower than in 1966, despite an increase in income. This was because a large grant to The Central City Mission in 1967 for an Intensive Care Unit could not be taken up.

Support of all the many worthwhile organizations in the area would result in wasteful and ineffective scattering of funds. Basically grants are made to tax exempt charitable, medical, educational, cultural, religious and social welfare organizations. Funds are provided for special studies, surveys or scholarships, or for programmes that are exploratory in nature that may be financed for a limited period of time. Funds are seldom given for routine operating expenses, and the Foundation does not duplicate the work of the Community Chests, although Chest agencies may receive grants for special projects or purposes. These policies are guidelines rather than rigid rules. The following are instances of grants of a special nature made in 1967.

BRITISH COLUMBIA INDIANS

A University of B.C. psychiatrist has been given \$4,000 to investigate mental illness among B.C. Indians.

Dr. P. E. Termansen, Assistant Professor of Psychiatry, will use the grant from the Vancouver Foundation for a pilot study which will eventually lead to a full scale investigation of mental health problems among Indians.

Initially, Dr. Termansen and a research team will analyze in detail the medical records of B.C. Indians hospitalized in the past five years for treatment of mental illness.

The object of this analysis is to determine if there are unique patterns of mental illness among Indians.

CANADIAN YOUTH HOSTELS ASSOCIATION

The largest Youth Hostel in Western Canada is planned for the slopes of Whistler Mountain in Garibaldi Park. Vancouver Foundation has contributed \$5,000 to this project which will see the Canadian Youth Hostels Association, Pacific region, erect a 72 bed hostel in the heart of B.C.'s ski country, with the total cost of the hostel estimated at \$140,000 of which \$30,000 has been collected. The Canadian Youth Hostels Association hopes to raise the remainder of the necessary funds through public subscription.

ALCOHOL RESEARCH AND EDUCATION COUNCIL OF B.C.

Vancouver Foundation has contributed \$3,000 to the work of the Alcohol Research and Education Council of B.C. The Executive Director, Mr. William G. Wilson, points out that this Council,

which is not a temperance organization, has been active in the Province since 1952 gaining information on the effects of alcohol on the human body and mind. This information is passed on to the public through lectures, films and literature in schools, institutions, men's and women's groups, etc. The funds provided will assist in covering the cost of two field officers. The Council has obtained a Provincial Government subsidy in 1967 amounting to \$30,000.

NEW READING MACHINE FOR THE BLIND

A grant of \$6,000 has been made by the Foundation to the Department of Electrical Engineering of U.B.C. where a new reading machine known as a Lexiphone is being developed for the blind.

Dr. Michael P. Beddoes, Associate Professor in the Department, has been working for the past eight years on this machine, which reads the word of the text and transforms the image into sounds. The sounds are in code form, somewhat like a Morse Code, which the blind persons will be trained to accept.

PACIFIC ASSOCIATION FOR CHILDREN WITH EMOTIONAL AND LEARNING DISORDERS

This Association has opened a centre for pre-school children with emotional and learning disorders. Vancouver Foundation has provided \$1,250 as "seed" money for the school, which after three months' operation will be eligible for a Provincial Government grant. It is hoped that with proper training these children may develop more normally and then enter the conventional school system.

RADIO TELEPHONE NETWORK FOR UNITED CHURCH HOME MISSIONS

The Foundation has helped to draw together the sprawling and isolated communities of B.C.'s North Coast. With the aid of a grant of \$3,000 the United Church has been able to establish a private band radio telephone network between remote villages and larger communities. The Reverend L. G. Sieber, Superintendent of Home Missions in British Columbia for the United Church, is of the opinion that the Church with the aid of this equipment will establish intercommunication among those serving the Church and the communities on the northern B.C. Coast through shore points and the Mission Ship Thomas Crosby V.

Investment Committee Report

The year 1967 was a difficult year for the Managers of Endowment Funds such as those entrusted to Vancouver Foundation. Values of fixed income securities fell steadily after a slight recovery in the first quarter of the year from previous lows, and the investment climate became clouded by economic and political factors of serious consequence in the national and international spheres.

Of the additional funds entrusted to us during the year exceeding \$1,400,000 approximately \$100,000 was invested in first mortgages on real property, \$400,000 in bonds, and more than \$900,000 in common and convertible preferred stocks.

At the end of the year our overall funds of \$11,652,112 (market value) were invested as to 59% in fixed income securities of bonds, mortgages and cash, and 41% in equities of common and convertible preferred stocks and real estate.

At all times it is the prime function of our Committee to safeguard the capital entrusted to the Foundation, but compatible with this we seek to maintain a high level of income for the institutions benefitting from these funds. Factors beyond our control affect the purchasing power of this income, and in maintaining that flow we endeavour to take into account the inflationary factors that prevail. The average income return on our investments for 1967 advanced to 5.88% on market value from 5.46% reported in 1966.

VANCOUVER FOUNDATION

*How to make use of
Vancouver Foundation*

1. BY LIFETIME GIFTS. These can be made to the GENERAL FUND for distribution as directed in Vancouver Foundation Act, or to any of the SPECIAL FUNDS already established to assist various charitable and educational purposes, or to the establishment of another SPECIAL FUND or FOUNDATION for any of the objects of Vancouver Foundation.

When a gift is made to the General Fund, or to an already established Special Fund, a letter addressed to Vancouver Foundation should accompany the gift, specifying the Fund to which the gift is to be applied and the acknowledgment of Vancouver Foundation (which is a non-profit organization for charitable purposes within the meaning of the Income Tax Act) will complete the transaction. Any gift may be made anonymously.

If the donor wishes to establish a Special Fund or Foundation, either under his or her own name, or in any name to be associated perpetually with such Special Fund or Foundation, a Deed of Gift will be prepared which will declare the purposes to which the gift and the income to arise therefrom are to be devoted. The donor may specify therein the investments which may be made, the persons, if any, upon whose discretion he relies in distributing moneys from the Fund and may make any special provisions which are within the wide charitable objects of Vancouver Foundation and do not conflict with its simple rules of administration.

2. BY WILL. The testator who wishes to make a testamentary gift to Vancouver Foundation will be advised by his or her solicitor that by Will he or she may make the same choice of a gift to Vancouver Foundation as might have been done by lifetime gift, namely, a devise or bequest to the General Fund, to any Special Fund, or the creation of a Fund or Foundation to be devoted to a particular object or several charitable or educational objects and bearing such name as may be desired.
