Chairman's Report

The year 1968 marked the completion of twenty-five years since the founding of Vancouver Foundation in 1943. In that period some eighty separate Funds have been established under our administration, and many hundreds of donors have seen fit to entrust their savings to this Foundation for the benefit of deserving causes in our Community. Why have they elected to do this? Firstly, I am sure, because they have wished to improve the lot of their fellow citizens in the Society in which they have worked and lived, and to provide something for the generations that will follow them. Secondly, I believe, because they have realised that Vancouver Foundation offers reasonable safety and protection of those savings to advance the objects that each donor has cherished or selected; and, thirdly, because it has been established that Vancouver Foundation can achieve these objects at a low operating cost per capital dollar when funds are pooled under a single administration that is constantly and solely concerned with the changing needs of that Community.

In 1968 Vancouver Foundation added approximately \$4,500,000 to its resources by way of gifts and assignments allocated to thirty-five separate Funds, and additionally increased its assets by nearly one million dollars through appreciation in underlying values of those assets. At the same time it distributed over \$850,000 of capital and income at a cost of less than four cents out of every dollar paid out for charitable purposes. In every respect these achievements broke the record of any previous year in the past twenty-five years of our experience.

As it moves forward into its second quarter century Vancouver Foundation acknowledges those who have supported it with time, talent and dollars in the past and pledges continued vigilance and careful administration of its resources in the changing world that faces us all in the future.

Distribution Committee Report

During 1968 Vancouver Foundation has issued three Newsletters in addition to our Annual Report which have described in some detail projects which have been supported with grants from several Funds of the Foundation. These Newsletters have demonstrated the wide range of activities in the Community that we have been able to assist. In some instances this support will continue over a period of years, particularly where capital projects are involved.

When funds are given to Vancouver Foundation without designation the income automatically flows to The United Community Services of the Greater Vancouver Area under the provisions of the Vancouver Foundation Act. In other instances the Directors of the Foundation are given discretionary powers which enable the income to be deployed over a wide range of charitable endeavours according to changing circumstances and needs of the Community.

In 1968 three substantial Funds have been received, as detailed in the following pages of our Annual Report, namely — The Guy Flavell Memorial Fund, The Francis J. Burd Fund and The B.C. Medical Services Foundation — where income is designated to specific purposes or organisations. These instructions will, of course, be carried out annually hereafter.

It will be noted from the detailed schedule of Distribution of Capital and Income in 1968 which is attached that over 41% of our distribution in that year has been devoted to education, youth organisations and child care. This significant portion of the total demonstrates an interest and concern for the training and development of the younger generations.

Grants for cultural objects have totalled \$47,560. Under this heading support has included community organisations such as the Vancouver Symphony Society, the Vancouver Opera Society, Playhouse Theatre and Vancouver Art Gallery as well as a number of students in Fine Arts and the Performing Arts.

Income of \$33,085 paid to the Civil Engineering Department of The University of British Columbia for Flood Research was received through The B.C. Disaster Relief Fund, and is designated under Court Order. A report from the University for the year indicates that work has been undertaken on the effect of temperature variation and radiation on the snow pack, flood forecasting by means of computer techniques and steep channel surveys. The capital of the Fund remains intact for any major disaster relief that may be required in British Columbia in the future.

I conclude this report with an expression of appreciation to members of the Committees and their advisors who devote much time and attention to the many applications for support that are received during the year.

Investment Committee Report

On balance the investment record of Vancouver Foundation in 1968 must be considered favourable.

During the year the Foundation disposed of its real estate holding at a substantial profit. There was a temporary over-investment of cash at the year-end but other investments in bonds, mortgages, convertible preferred and common stocks all showed sizeable increases during the year. While bond holdings advanced by \$1,932,000 falling prices in the bond market in the twelve-month period caused a reduction of \$286,000 in this figure to bring the total in line with market values at the end of the year. At the same time mortgage investments, which include a lease-option Agreement, increased from \$995,000 to \$2,397,990. The average return on all these investments in relation to current values has shown a significant increase during the year.

While our holdings of common and convertible preferred stocks have increased by \$1,892,000 the market value of these holdings at December 31st, 1968 had advanced by \$2,866,000. Thus, in all investment categories Vancouver Foundation is able to record an advance in market values for the year of close to \$1,000,000 on a total investment portfolio that rose through the year from \$11,914,000 to \$16,525,000. Expressed in percentage terms, our fixed income securities representing 58% of the total decreased in value by less than 5%, whereas our common stock or equity holdings representing 42% of the total advanced in value by over 20%.

As stated above, the average return on fixed income investments improved, but the rate of income return on equity holdings was lower with the result that the average gross return on our investments remained almost constant at 5.90% compared with 5.88% in 1967. It is the present policy of the Investment Committee to endeavour to maintain this approximate rate of income and at the same time add to good quality equity investments as buying opportunities occur.

*How to make use of
Vancouver Foundation*

1. BY LIFETIME GIFTS. These can be made to the GENERAL FUND for distribution as directed in Vancouver Foundation Act, or to any of the SPECIAL FUNDS already established to assist various charitable and educational purposes, or to the establishment of another SPECIAL FUND or FOUNDATION for any of the objects of Vancouver Foundation.

When a gift is made to the General Fund, or to an already established Special Fund, a letter addressed to Vancouver Foundation should accompany the gift, specifying the Fund to which the gift is to be applied and the acknowledgment of Vancouver Foundation (which is a non-profit organization for charitable purposes within the meaning of the Income Tax Act) will complete the transaction. Any gift may be made anonymously.

If the donor wishes to establish a Special Fund or Foundation, either under his or her own name, or in any name to be associated perpetually with such Special Fund or Foundation, a Deed of Gift will be prepared which will declare the purposes to which the gift and the income to arise therefrom are to be devoted. The donor may specify therein the investments which may be made, the persons, if any, upon whose discretion he relies in distributing moneys from the Fund and may make any special provisions which are within the wide charitable objects of Vancouver Foundation and do not conflict with its simple rules of administration.

2. BY WILL. The testator who wishes to make a testamentary gift to Vancouver Foundation will be advised by his or her solicitor that by Will he or she may make the same choice of a gift to Vancouver Foundation as might have been done by lifetime gift, namely, a devise or bequest to the General Fund, to any Special Fund, or the creation of a Fund or Foundation to be devoted to a particular object or several charitable or educational objects and bearing such name as may be desired.
