We continued delivering a number of granting and program initiatives such as the Systems Change Granting and the Youth Policy Program that support this mission.

New programs:

2020 created unique challenges due to COVID-19, which motivated Vancouver Foundation to introduce a number of new programs and initiatives to support communities during these challenging times:

- Launched the Community Response Fund – An emergency response granting program to support charities that provide health and social services, as well as arts and culture groups who have faced economic challenges due to the pandemic.
- Co-hosted the Racial Equity & Justice in Philanthropy Funders' Summit, which was a two-day virtual summit bringing together funders and communities interested in exploring racial equity and justice work in philanthropy.
- Launched the LEVEL BIPOC Grants, a new grant program to provide flexible funding to organizations led by Black, Indigenous, and People of Colour.
- Co-led two research reports called 'No Immunity' and 'Unraveling' to assess how the pandemic has impacted charities and non-profits in BC.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of Vancouver Foundation

Opinion

We have audited the non-consolidated financial statements of Vancouver Foundation (the "Foundation"), which comprise:

- the non-consolidated statement of financial position as at December 31, 2020
- the non-consolidated statement of operations and changes in fund balances for the year then ended
- the non-consolidated statement of changes in fund balances for the year then ended
- the non-consolidated statement of cash flows for the year then ended
- and notes to the non-consolidated financial statements, including a summary of significant accounting policies

(hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements, present fairly, in all material respects, the non-consolidated financial position of the Foundation as at December 31, 2020, and its non-consolidated results of operations and its non-consolidated cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "***Auditors' Responsibilities for the Audit of the Financial Statements***" section of our auditors' report.

We are independent of the Foundation in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Foundation's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Foundation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Foundation's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Foundation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Foundation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

VANCOUVER FOUNDATION

Notes to Non-Consolidated Financial Statements

(Tabular amounts expressed in thousands of dollars, unless otherwise indicated)

Year ended December 31, 2020

1. Organization:

Vancouver Foundation (the "Foundation") was established in 1943 and incorporated through an Act of the Provincial Legislature in 1950. From time to time revisions to the Act are made. The Foundation supports initiatives that will build a lasting legacy of healthy, vibrant, livable communities throughout British Columbia.

The Foundation is a registered charity and is classified as a public foundation under the Income Tax Act (Canada). As such, it may issue tax deductible receipts for qualifying charitable donations. The Foundation is exempt from income taxes.

2. Significant accounting policies:

These financial statements of the Foundation have been prepared by management on a non-consolidated basis in accordance with Canadian accounting standards for not-for-profit organizations. Details of controlled entities that have not been consolidated are provided in notes 2(g) and 12.

(a) Fund accounting:

The Foundation follows the restricted fund method of accounting for contributions to comply with the limitations and restrictions placed on the Foundation's resources by donors. Accordingly, resources are classified for accounting and financial reporting purposes into funds. These funds are maintained in accordance with either the objectives specified by the donors or with directives issued by the Board of Directors (the "Board"). Certain interfund transfers may be necessary to ensure the appropriate allocation to the respective funds. Transfers between the funds are recorded in the non-consolidated statement of operations and changes in fund balances.

For financial reporting purposes, the accounts have been classified into the following funds:

(i) Restricted Fund:

The Restricted Fund include funds that are externally or internally restricted. These funds are generally required to be maintained by the Foundation on a permanent basis; however, the market value of certain endowed funds may be subject to complete or partial withdrawal according to the terms of the deed of gift. Restricted funds are comprised of resources that are to be used for granting as specified by the fund advisor or the donor. The Board exercises discretionary control over the investment of these funds through external investment fund managers. Income earned on these funds is reported in the Restricted Fund and is either retained in the Restricted Fund, internally transferred, or granted in the year.

(ii) Operating Fund:

The Operating Fund is comprised of unrestricted resources available for the Foundation's general operating activities (including management and administration). The cost of these activities is reported in the expenses of the Operating Fund.

VANCOUVER FOUNDATION

Notes to Non-Consolidated Financial Statements

(Tabular amounts expressed in thousands of dollars, unless otherwise indicated)

Year ended December 31, 2020

2. Significant accounting policies (continued):

(b) Financial instruments:

The Foundation's financial instruments consist of cash, accounts receivable, investments, other assets, and accounts payable and accrued liabilities.

(i) Cash:

Cash includes balances held at Canadian financial institutions for the purpose of meeting short-term cash commitments.

(ii) Investments:

Investments include treasury bills and notes held for re-investments, common shares, convertible securities, bonds, debentures, mortgages, real estate, and may also include other investment vehicles such as derivative financial instruments. Investments are held in segregated accounts and in pooled funds. Public market investments such as equities and bonds are recorded at their fair values determined, on a trade date basis, on the last business day of the fiscal period. Private market investments such as real estate funds are recorded at their fair values based on the most recent appraisal.

(iii) Other assets:

Other assets include the estimated cash surrender value of life insurance policies and the fair market value of an investment in a social finance initiative in partnership with Vancity.

Financial assets purchased and sold, where the contract requires the asset to be delivered within an established time frame, are recognized on a trade-date basis. Transaction costs are expensed as incurred.

The financial assets and financial liabilities of the Foundation are classified and measured as follows:

Assets/liabilities	Measurement
Cash	Fair value
Investments	Fair value
Other assets	Fair value
Amounts receivable	Amortized cost
Accounts payable and accrued liabilities	Amortized cost

For items carried at amortized cost, the fair value approximates the carrying value in the financial statements.

VANCOUVER FOUNDATION

Notes to Non-Consolidated Financial Statements

(Tabular amounts expressed in thousands of dollars, unless otherwise indicated)

Year ended December 31, 2020

2. Significant accounting policies (continued):

(c) Tangible capital assets:

Tangible capital assets are recorded at cost. Assets in use are amortized over their estimated useful lives on a straight-line basis. Management has estimated the useful lives to be:

Asset	Rate
Computer and office equipment	3 years
Office furniture	10 years
Leasehold improvements	Over the term of the lease
Information technology software	3 years

(d) Deferred lease inducement:

Deferred lease inducement includes amounts received as part of the Foundation's lease agreement related to leasehold improvements. Amortization of the deferred lease inducement is recognized over the lease term on a straight-line basis against the related lease expense.

(e) Interfund payable (receivable):

Interfund payable (receivable) includes balances related to interest and administration fees that are transferred between the Restricted Fund and the Operating Fund. The interfund payable (receivable) balance is settled in the month following the prior quarter end date.

(f) Employee future benefits:

The Foundation is a participating employer in a multi-employer, defined benefit pension plan. The Foundation accounts for the pension plan as a defined contribution plan as insufficient information is available to identify the Foundation's share of the underlying pension assets and liabilities. Accordingly, contributions to the plan are expensed as incurred.

(g) Controlled entities:

(i) British Columbia Unclaimed Property Society:

The British Columbia Unclaimed Property Society ("BCUPS") is incorporated under the Societies Act (British Columbia). The purpose of BCUPS is to act as the administrator under the Unclaimed Property Act (British Columbia) and Unclaimed Property Amendment Act, 2003. The Foundation owns all of the shares in three corporations that are the sole members of BCUPS, and thereby it is able to indirectly control the election of directors of the Society and the admission of new members to BCUPS.

The financial statements of BCUPS are not consolidated in the Foundation's financial statements. Summary financial statements of BCUPS are included in note 12.

2. Significant accounting policies (continued):

(g) Controlled entities (continued):

(ii) Friends of Vancouver Foundation:

On May 11, 2009, Friends of Vancouver Foundation ("Friends") was incorporated as a non-profit organization in the State of Washington to operate exclusively for the benefit of or to carry out the purposes of Vancouver Foundation, to facilitate US dollar contributions from donors and to issue US tax receipts. Friends is classified as a 501(c)(3) public charity under the Internal Revenue Code of the United States. Friends is controlled by the Foundation through its ability to appoint the Board of Directors.

These financial statements of Friends are not consolidated in the financial statements of the Foundation. The Foundation received contributions of \$3,766 from Friends during 2020 (2019 - \$385). Summary financial statements of Friends have not been included in these notes as there are no material assets and liabilities held by Friends.

(h) Revenue recognition:

Contributions are recognized as revenue in the Restricted Fund when they are received or receivable, provided the amounts are measurable and collection is reasonably assured.

In the normal course of operations, the Foundation receives notification of pending estate gifts. Estate gifts, including bequests, are recorded upon receipt of the donated assets. Bequests in a form other than cash or marketable securities are recorded at fair value at the time of receipt.

Interest on investments is recorded on an accrual basis. Dividends that have been declared are recorded as income on the date of record set for the dividend.

Investment and interest income earned on restricted funds is recognized as revenue in the Restricted Fund in accordance with the terms of the restricted contribution (note 2(a)). Investment and interest income earned on operating funds is recognized as revenue in the Operating Fund.

Realized and unrealized capital gains and losses are recorded in the Non-Consolidated Statement of Operations (note 8).

(i) Grants:

Grants are recorded when paid or payable by the Foundation. Grants include retractions as outlined in note 6(b).

(j) Interfund transfers:

Interfund transfers for administrative fees reflect costs recovered from the Restricted Funds by way of a cost recovery based on the market value of each fund. Other interfund transfers include transfers of investment income and surplus related to operations.

VANCOUVER FOUNDATION

Notes to Non-Consolidated Financial Statements

(Tabular amounts expressed in thousands of dollars, unless otherwise indicated)

Year ended December 31, 2020

2. Significant accounting policies (continued):

(k) Transfers from contributed principal to retained returns:

Transfers from contributed principal to retained returns consist of principal retractions made at the recommendation of fund advisors or as determined by Vancouver Foundation. These transfers may be made for the purpose of granting, retractions and cash management.

(l) Donated services:

The Foundation relies on the time and expertise donated by many volunteers. The value of this time has not been reflected in these financial statements.

(m) Foreign currency translation:

Monetary assets and liabilities denominated in foreign currencies are translated to Canadian dollars at the exchange rates in effect at the statement of financial position date. Revenue and expenses denominated in foreign currencies are translated to Canadian dollars at the exchange rates in effect on the date of the transaction. Exchange gains and losses on translation of foreign currencies are reflected in the Non-Consolidated Statement of Operations within investment income.

(n) Management estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the year. Management believes that the estimates utilized in preparing these non-consolidated financial statements are reasonable; however, actual results could differ from these estimates.

(o) Related party transactions:

Related party transactions are in the normal course of business and are measured at the exchange amount, which is the amount of consideration established and agreed to by the related parties. Details of related party transactions are disclosed in note 12.

3. Investments:

The Foundation's investments are carried at fair value in accordance with the significant accounting policy disclosed in note 2(b).

The Foundation's investments are exposed to changing market conditions. The Foundation manages the market risk associated with these changing conditions by establishing and monitoring asset allocation strategies and by diversifying investments within the various asset classes, investment managers, geographies, and investment styles. Investment managers operate within a mandate that establishes the investment approach, investment restrictions and the benchmark applicable to that mandate. Investments in foreign equities, fixed income, real estate, and pooled funds which employ foreign currency derivative instruments are exposed to currency risk due to fluctuations in foreign exchange rates.

The Foundation is also invested in two multi-strategy funds structured to provide absolute returns not highly correlated to the performance of the public equity and Canadian bond markets. These funds are broadly diversified and may invest in a range of investment vehicles including derivative financial instruments. The net asset values of multi-strategy investments are measured at fair value using underlying market valuations.

14. Financial risk management:

The Foundation invests its various funds according to an Investment Policy Statement approved by the Board of Directors. This Statement outlines the objectives, policies and processes relating to investment activities and applies to all investments of the Foundation. Investment Policy guidelines include the minimum and maximum amount of Canadian equities, global equities, fixed income, real estate, mortgages, multi-strategy funds, short term investments and cash. This diversification across various asset classes is designed to decrease the volatility of portfolio returns. The Investment Committee and management regularly review the Foundation's investments to ensure that all activities adhere to the Investment Policy Statement.

14. Financial risk management (continued):

The Board of Directors has overall responsibility for the establishment and oversight of the Foundation's risk management framework, including risks related to financial management of assets.

The Foundation has exposure to the following risks from its use of financial instruments:

(a) Credit risk:

Credit risk is the risk of financial loss to the Foundation if a counterparty to a financial instrument fails to meet its contractual obligations. The Foundation's investments in short-term investments, long-term investments, mortgages, bonds and debentures are subject to credit risk. The maximum exposure to credit risk on these instruments is their carrying value.

The Investment Policy of the Foundation mandates that the maximum credit exposure to bonds rated "BBB" or below by Dominion Bond Rating Service ("DBRS") is 25% of the fixed income portfolio and no fixed income security rated lower than "B (low)" can be purchased. Cash and short-term paper up to one year term maturity must have a DBRS credit rating of R-1.

The Foundation's exposure to and management of credit risk has not changed significantly since 2019.

(b) Liquidity risk:

Liquidity risk is the risk that the Foundation will not be able to meet its financial obligations as they fall due. The majority of the Foundation's assets are investments traded in active markets that can be readily liquidated and therefore the Foundation's liquidity risk is considered minimal. In addition, the Foundation aims to retain a sufficient cash position to manage liquidity.

The Foundation's exposure to and management of liquidity risk has not changed significantly since 2019.

(c) Market risk:

Market risk is the risk that changes in market prices, as a result of changes in foreign exchange rates, interest rates, equity prices and valuation of appraisal based assets, will affect the Foundation's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while maximizing the return.

14. Financial risk management (continued):

(c) Market risk (continued):

(i) Currency risk:

Investments in foreign securities are exposed to currency risk due to fluctuations in foreign exchange rates.

The Foundation is exposed to currency risk on its foreign market common stock, its foreign market bonds and debentures, foreign real estate and its pooled funds which employ foreign currency derivative instruments, as the prices denominated in foreign currencies are converted to Canadian dollars in determining fair value. The objective of the Foundation's investment policy is to control currency risk by maintaining a geographically diversified portfolio. The bond portfolio is managed by an investment manager who is restricted as to the unhedged foreign currency component of the foreign bond investments.

From time to time, the Foundation's external investment fund managers may hold balances in cash and cash equivalents denominated in non-Canadian currencies. The currency risk related to these balances is not significant.

The Foundation's exposure to and management of currency risk has not changed significantly since 2019.

(ii) Interest rate risk:

Interest rate risk relates to the risk that changes in interest rates will affect the fair value or future cash flows of financial instruments held by the Foundation. The Foundation is invested in a number of fixed income instruments, individual bonds, pooled bond funds, as well as, pooled mortgage funds.

Duration is the most common measure of the sensitivity of the price of a fixed income instrument to a change in interest rates. The Foundation's portfolio managers vary the duration of the fixed income holdings in their portfolios in order to accommodate possible changes in interest rate.

The Foundation's exposure to and management of interest rate risk has not changed significantly since 2019.

(iii) Equity price risk:

Equity price risk is the risk that the fair value of equity financial instruments will fluctuate due to changes in market prices. The Foundation is exposed to equity price risk on its investments in preferred and common stock. The objective of the Foundation's investment policy is to manage equity price risk by maintaining a portfolio which is diversified across geographic and industry sectors. The performance of the Foundation's investments is monitored by measuring against a benchmark consisting of relative weightings of various stock indices.

14. Financial risk management (continued):

(c) Market risk (continued):

(iii) Equity price risk (continued):

The Foundation's exposure to and management of equity price risk has not changed significantly since 2019.

(iv) Valuation risk:

Valuation risk is specific to appraisal-based assets such as real estate. The Foundation is exposed to valuation risk through its investment in four real estate funds. Properties within these funds are regularly reviewed by an approved appraiser and valuations are updated accordingly.

The Foundation's exposure to and management of valuation risk has not changed significantly since 2019.

(v) COVID-19 market volatility risk:

The global financial markets have experienced significant volatility as a result of the COVID-19 pandemic. The outcomes of monetary and fiscal interventions designed to stabilize economic conditions are unknown creating difficulty in reasonably estimating the impact or duration of market volatility. The Foundation is actively monitoring developments in the financial markets and the potential impact to the Foundation's investment portfolio.

Publicly traded equity, fixed income and derivative securities are subject to ongoing market fluctuations and will continue to experience volatility as the situation evolves. Asset classes such as private real estate funds where the determination of fair value is based on the prior sales of comparable properties have also been impacted by the current market conditions. Real estate appraisals generally lag the current market and the volatility in real estate transactions may force appraisers to provide qualified appraisals with a caution on the reliance of stale-dated valuations.

15. Capital management:

The Foundation invests in accordance with the Vancouver Foundation Act (the "Act").

Prior to 2008, the Act required that capital of permanently endowed funds be maintained in perpetuity. In 2008, the Act was revised to allow the Foundation to make distributions of up to 7% of the original contributed capital to the fund as determined at 2008, subject to the Board's approval. There were no distributions of capital of permanently endowed funds subject to Board approval in 2020 or 2019.

16. COVID-19 Community Response Fund:

In 2020, the Foundation partnered with Vancity, United Way of the Lower Mainland and Community Foundations of Canada to establish the Community Response Fund and Emergency Community Support Fund (collectively referred to as the "CRF") to support charities across British Columbia impacted by the COVID-19 pandemic. Contributions revenue in 2020 includes \$6,624 (2019 - nil) donated to the CRF. The Foundation allocated a further \$9,742 of its unrestricted assets and fund advisors also approved inter-fund transfers of \$3,540 to support the CRF's efforts. As a result, the CRF totaled \$19,906 in 2020 (2019 - nil). Of this amount, \$19,669 (2019 - nil) in grants were paid in 2020 and recorded in grants expense. The remaining grants were paid in the first quarter of 2021.

17. Comparative information:

Certain comparative information has been reclassified to conform with the financial statement presentation adopted for the current year.
