## INDEPENDENT AUDITORS' REPORT

To the Board of Directors of Vancouver Foundation

### *Opinion*

We have audited the non-consolidated financial statements of Vancouver Foundation (the "Foundation"), which comprise:

- the non-consolidated statement of financial position as at December 31, 2022
- the non-consolidated statement of operations and changes in fund balances for the year then ended
- the non-consolidated statement of changes in fund balances for the year then ended
- the non-consolidated statement of cash flows for the year then ended
- and notes to the non-consolidated financial statements, including a summary of significant accounting policies

(hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the non-consolidated financial position of the Foundation as at December 31, 2022, and its non-consolidated results of operations and its non-consolidated cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

### *Basis for Opinion*

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "**Auditors' Responsibilities for the Audit of the Financial Statements**" section of our auditors' report.

We are independent of the Foundation in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## ***Responsibilities of Management and Those Charged with Governance for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Foundation's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Foundation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Foundation's financial reporting process.

## ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Foundation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Foundation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

# VANCOUVER FOUNDATION

Notes to Non-Consolidated Financial Statements

(Tabular amounts expressed in thousands of dollars, unless otherwise indicated)

Year ended December 31, 2022

---

## 1. Organization:

Vancouver Foundation (the "Foundation") was established in 1943 and incorporated through an Act of the Provincial Legislature in 1950. From time to time revisions to the Act are made. The Foundation's vision is to create healthy, vibrant, and livable communities throughout British Columbia with a focus on supporting projects that address the root causes of important issues.

The Foundation is a registered charity and is classified as a public foundation under the Income Tax Act (Canada). As such, it may issue tax deductible receipts for qualifying charitable donations. The Foundation is exempt from income taxes.

## 2. Significant accounting policies:

These financial statements of the Foundation have been prepared by management on a non-consolidated basis in accordance with Canadian accounting standards for not-for-profit organizations. Details of controlled entities that have not been consolidated are provided in notes 2(g) and 12.

### (a) Fund accounting:

The Foundation follows the restricted fund method of accounting for contributions to comply with the limitations and restrictions placed on the Foundation's resources by donors. Accordingly, resources are classified for accounting and financial reporting purposes into funds. These funds are maintained in accordance with either the objectives specified by the donors or with directives issued by the Board of Directors (the "Board"). Certain interfund transfers may be necessary to ensure the appropriate allocation to the respective funds. Transfers between the funds are recorded in the non-consolidated statement of operations and changes in fund balances.

For financial reporting purposes, the accounts have been classified into the following funds:

### (i) Restricted Fund:

The Restricted Fund include funds that are externally or internally restricted. These funds are generally required to be maintained by the Foundation on a permanent basis; however, the market value of certain endowed funds may be subject to complete or partial withdrawal according to the terms of the deed of gift. Restricted funds are comprised of resources that are to be used for granting as specified by the fund advisor or the donor. The Board exercises discretionary control over the investment of these funds through external investment fund managers. Income earned on these funds is reported in the Restricted Fund and is either retained in the Restricted Fund, internally transferred, or granted in the year.

### (ii) Operating Fund:

The Operating Fund is comprised of unrestricted resources available for the Foundation's general operating activities (including management and administration). The cost of these activities is reported in the expenses of the Operating Fund.

# VANCOUVER FOUNDATION

Notes to Non-Consolidated Financial Statements

(Tabular amounts expressed in thousands of dollars, unless otherwise indicated)

Year ended December 31, 2022

---

## 2. Significant accounting policies (continued):

### (b) Financial instruments:

The Foundation's financial instruments consist of cash and cash equivalents, accounts receivable, investments, other assets, and accounts payable and accrued liabilities.

#### (i) Cash and short term investments

Cash and cash equivalents includes balances held at Canadian financial institutions and held for the purpose of meeting short-term cash commitments, generally with maturity dates within three months from date of purchase.

Short term investments include guaranteed investment certificates held with maturity dates within the next fiscal year.

#### (ii) Investments:

Investments include treasury bills and notes held for re-investments, common shares, convertible securities, bonds, debentures, mortgages, real estate, and may also include other investment vehicles such as derivative financial instruments. Investments are held in segregated accounts and in pooled funds. Public market investments such as equities and bonds are recorded at their fair values determined, on a trade date basis, on the last trading day of the fiscal period. Private market investments such as real estate funds are recorded at their fair values based on the most recent appraisal.

#### (iii) Other assets:

Other assets include the estimated cash surrender value of life insurance policies.

Financial assets purchased and sold, where the contract requires the asset to be delivered within an established time frame, are recognized on a trade-date basis. Transaction costs are expensed as incurred.

The financial assets and financial liabilities of the Foundation are classified and measured as follows:

| Assets/liabilities                       | Measurement    |
|--|----------------|
| Cash                                     | Fair value     |
| Investments                              | Fair value     |
| Other assets                             | Fair value     |
| Accounts receivable                      | Amortized cost |
| Accounts payable and accrued liabilities | Amortized cost |

---

For items carried at amortized cost, the fair value approximates the carrying value in the financial statements.

# VANCOUVER FOUNDATION

Notes to Non-Consolidated Financial Statements  
(Tabular amounts expressed in thousands of dollars, unless otherwise indicated)

Year ended December 31, 2022

---

## 2. Significant accounting policies (continued):

### (c) Capital assets:

Capital assets are recorded at cost. Assets in use are amortized over their estimated useful lives on a straight-line basis. Management has estimated the useful lives to be:

| Asset                           | Rate                       |
|---------------------------------|----------------------------|
| Computer and office equipment   | 3 years                    |
| Office furniture                | 10 years                   |
| Leasehold improvements          | Over the term of the lease |
| Information technology software | 3 years                    |
| Website costs                   | 5 years                    |

### (d) Deferred lease inducement:

Deferred lease inducement includes amounts received as part of the Foundation's lease agreement related to leasehold improvements. Amortization of the deferred lease inducement is recognized over the lease term on a straight-line basis against the related lease expense.

### (e) Interfund payable (receivable):

Interfund payable (receivable) includes balances related to interest and administration fees that are transferred between the Restricted Fund and the Operating Fund. The interfund payable (receivable) balance is settled in the month following the prior quarter end date.

### (f) Employee future benefits:

The Foundation is a participating employer in a multi-employer, defined benefit pension plan. The Foundation accounts for the pension plan as a defined contribution plan as insufficient information is available to identify the Foundation's share of the underlying pension assets and liabilities. Accordingly, contributions to the plan are expensed as incurred.

### (g) Controlled entities:

#### (i) British Columbia Unclaimed Property Society:

The British Columbia Unclaimed Property Society (the "Society") is incorporated under the Societies Act (British Columbia). The purpose of the Society is to act as the administrator under the Unclaimed Property Act (British Columbia) and Unclaimed Property Amendment Act, 2003. The Foundation is the sole member of the Society and is able to control the election of directors and the admission of new members to the Society.

The financial statements of the Society are not consolidated in the Foundation's financial statements. Summary financial statements of the Society are included in note 12.

# VANCOUVER FOUNDATION

Notes to Non-Consolidated Financial Statements

(Tabular amounts expressed in thousands of dollars, unless otherwise indicated)

Year ended December 31, 2022

---

## 2. Significant accounting policies (continued):

### (g) Controlled entities (continued):

#### (ii) Friends of Vancouver Foundation:

On May 11, 2009, Friends of Vancouver Foundation (“Friends”) was incorporated as a non-profit organization in the State of Washington to operate exclusively for the benefit of or to carry out the purposes of Vancouver Foundation, to facilitate US dollar contributions from donors and to issue US tax receipts. Friends is classified as a Section 501(c)(3) public charity under the Internal Revenue Code of the United States. Friends is controlled by the Foundation through its ability to appoint the Board of Directors.

These financial statements of Friends are not consolidated in the financial statements of the Foundation. The Foundation received contributions of \$890 from Friends during 2022 (2021 - \$375). Summary financial statements of Friends have not been included in these notes as there are no material assets and liabilities held by Friends.

### (h) Revenue recognition:

Contributions are recognized as revenue in the Restricted Fund when they are received or receivable, provided the amounts are measurable and collection is reasonably assured.

In the normal course of operations, the Foundation receives notification of pending estate gifts. Estate gifts, including bequests, are recorded upon receipt of the donated assets. Bequests in a form other than cash or marketable securities are recorded at fair value at the time of receipt.

Interest on investments is recorded on an accrual basis. Dividends that have been declared are recorded as income on the date of record set for the dividend.

Investment and interest income earned on restricted funds is recognized as revenue in the Restricted Fund in accordance with the terms of the restricted contribution (note 2(a)). Investment and interest income earned on operating funds is recognized as revenue in the Operating Fund.

Realized and unrealized capital gains and losses are recorded in the Non-Consolidated Statement of Operations (note 8).

### (i) Grants:

Grants are recorded when paid or payable by the Foundation. Grants include retractions as outlined in note 6(b).

### (j) Interfund transfers:

Interfund transfers for administrative fees reflect costs recovered from the Restricted Funds by way of a cost recovery based on the market value of each fund. Other interfund transfers include transfers of investment income and surplus related to operations.

# VANCOUVER FOUNDATION

Notes to Non-Consolidated Financial Statements

(Tabular amounts expressed in thousands of dollars, unless otherwise indicated)

Year ended December 31, 2022

---

## 2. Significant accounting policies (continued):

(k) Transfers from contributed principal to retained returns:

Transfers from contributed principal to retained returns consist of principal retractions made at the recommendation of fund advisors or as determined by Vancouver Foundation. These transfers may be made for the purpose of granting, retractions and cash management.

(l) Donated services:

The Foundation relies on the time and expertise donated by many volunteers. The value of this time has not been reflected in these financial statements.

(m) Foreign currency translation:

Monetary assets and liabilities denominated in foreign currencies are translated to Canadian dollars at the exchange rates in effect at the statement of financial position date. Revenue and expenses denominated in foreign currencies are translated to Canadian dollars at the exchange rates in effect on the date of the transaction. Exchange gains and losses on translation of foreign currencies are reflected in the Non-Consolidated Statement of Operations within investment income.

(n) Management estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the year. Management believes that the estimates utilized in preparing these non-consolidated financial statements are reasonable; however, actual results could differ from these estimates.

(o) Related party transactions:

Related party transactions are in the normal course of business and are measured at the exchange amount, which is the amount of consideration established and agreed to by the related parties. Details of related party transactions are disclosed in note 12.

# VANCOUVER FOUNDATION

Notes to Non-Consolidated Financial Statements

(Tabular amounts expressed in thousands of dollars, unless otherwise indicated)

Year ended December 31, 2022

### 3. Investments:

The Foundation's investments are carried at fair value in accordance with the significant accounting policy disclosed in note 2(b).

The Foundation's investments are exposed to changing market conditions. The Foundation manages the market risk associated with these changing conditions by establishing and monitoring asset allocation strategies and by diversifying investments within the various asset classes, investment managers, geographies, and investment styles. Investment managers operate within a mandate that establishes the investment approach, investment restrictions and the benchmark applicable to that mandate. Investments in foreign equities, fixed income, real estate, and pooled funds which employ foreign currency derivative instruments are exposed to currency risk due to fluctuations in foreign exchange rates.

The Foundation's investment managers may utilize derivative financial instruments in the management of its foreign currency and market exposure.

Details of significant terms and conditions and exposures to credit and market risks on investments are disclosed in note 14. Investments held as at December 31 are comprised of the following:

| <b>2022</b>                                   | Restricted          | Operating       | Total               |
|---|---------------------|-----------------|---------------------|
| Common shares and convertible securities      | \$ 974,961          | \$ -            | \$ 974,961          |
| Bonds and debentures                          | 213,862             | 7,356           | 221,218             |
| Mortgages and real estate                     | 184,484             | 825             | 185,309             |
| Treasury bills and notes held for-investments | 3,358               | 425             | 3,783               |
|   | <b>\$ 1,376,665</b> | <b>\$ 8,606</b> | <b>\$ 1,385,271</b> |

# VANCOUVER FOUNDATION

Notes to Non-Consolidated Financial Statements  
(Tabular amounts expressed in thousands of dollars, unless otherwise indicated)

Year ended December 31, 2022

---

### 3. Investments (continued):

(a) Common shares and convertible securities:

The Foundation manages equity market risk by allocating the equities component of the investment portfolio across a number of investment managers and geographies, with differing investment styles and mandates. Equities are valued using published market quotations.

The Foundation is also invested in two multi-strategy funds structured to provide absolute returns not highly correlated to the performance of the public equity and Canadian bond markets. These funds are broadly diversified and may invest in a range of investment vehicles including derivative financial instruments. The net asset values of multi-strategy investments are measured at fair value using underlying market valuations.

(b) Bonds and debentures:

The Foundation is invested in a pooled bond fund. The pooled bond fund invests predominantly in Canadian federal, provincial, municipal and corporate bonds with a minimum B (low) credit rating at time of purchase. The pooled bond fund also has an allocation to sub-pooled funds that invest in non-Canadian developed and emerging market debt, high yield debt which can be rated CCC at time of purchase, and Canadian commercial mortgages. Bonds are valued using published market quotations. Mortgages are valued by an independent third party using an industry accepted valuation process. Mortgages held within the pooled bond fund are classified as part of bonds and debentures.

(c) Mortgages and real estate:

The direct mortgages are secured by real estate, were made at commercial rates and are valued at fair value as determined by the mortgage investment managers. All mortgages relate to properties located in Canada.

Pooled real estate funds are valued quarterly by the real estate investment managers using a combination of internal and external appraisals to establish current market values.

(d) Treasury bills and notes held for re-investment:

The Foundation is invested in treasury bills and notes held prior to the settlement of the purchase of securities or received on completion of a sale of securities. Treasury bills and notes held for re-investment are measured at fair value using underlying market valuations.

(e) Promissory note:

In 2021, the Foundation was gifted all issued and outstanding shares of a private company. The shares were initially recorded at their fair value of \$6,900 on the date they were received. Subsequently, the private company's assets were liquidated and a dividend was declared for \$7,970, of which, \$7,000 was paid to the Foundation with the remaining \$970 held by the Foundation in the form of a non-interest bearing promissory note as at December 31, 2021. In 2022, the Foundation received payment for the remaining dividend and dissolved the private company effective December 16, 2022.

# VANCOUVER FOUNDATION

Notes to Non-Consolidated Financial Statements

(Tabular amounts expressed in thousands of dollars, unless otherwise indicated)

Year ended December 31, 2022

## 4. Other assets:

The Foundation is the owner and beneficiary of life insurance policies with face values totaling \$16,706 as at December 31, 2022 (2021 - \$16,947). The estimated cash surrender value of these life insurance policies is \$2,347 as at December 31, 2022 (2021 - \$2,187) and is recorded as an asset. The Foundation will record the realizable amount in excess of the cash surrender value when the receipt of the proceeds can be estimated and collection is reasonably assured.

## 5. Capital assets:

| <b>2022</b>                   | Cost     | Accumulated<br>amortization | Net book<br>value |

Notes to Non-Consolidated Financial Statements

(Tabular amounts expressed in thousands of dollars, unless otherwise indicated)

Year ended December 31, 2022

## 6. Fund balances:

(a) Contributed principal:

|                                   | 2022                | 2021              |
|-----------------------------------|---------------------|-------------------|
| Endowed principal                 | \$ 827,055          | \$ 790,155        |
| Retractable principal (note 6(b)) | 207,718             | 192,414           |
|                                   | <u>\$ 1,034,773</u> | <u>\$ 982,569</u> |

(b) Retractable funds:

Restricted funds consist primarily of endowment funds established from gifts by donors which remain under the Foundation's management in perpetuity (note 6(a)).

Certain restricted funds included in retained returns from investments may be subject to full or partial retraction in accordance with the deed of gift. As at December 31, 2022, the market value of the fund balances subject to potential retraction are estimated to be as follows:

|            |                   |
|------------|-------------------|
| 2023       | \$ 125,433        |
| 2024       | 77,967            |
| 2025       | 10,838            |
| 2026       | 10,944            |
| 2027       | 9,880             |
| Thereafter | 6,814             |
|            | <u>\$ 241,876</u> |

The market value of the retractable funds includes the retractable contributed principal of the funds (note 6(a)) and the retained returns from investments.

In 2022, at the recommendation of fund advisors or as determined by the Foundation, the Foundation processed full or partial retractions with a market value of \$7,837 (2021 - \$11,042).

## 7. Contributions:

A summary of contributions received from various sources at December 31, 2022, with comparative information for 2021 is as follows:

|                      | 2022      | 2021      |
|----------------------|-----------|-----------|
| Individuals          | \$ 33,823 | \$ 49,440 |
| Organizations        | 25,843    | 29,514    |
| Government (Note 16) | 40,125    | 1,107     |
|                      | \$ 99,791 | \$ 80,061 |

## 8. Investment and interest income:

|                                       | 2022         | 2021       |
|---------------------------------------|--------------|------------|
| Unrealized gain (loss) on investments | \$ (169,338) | \$ 29,143  |
| Unrealized gain on other assets       | 160          | 113        |
| Realized gain on investments          | 39,762       | 101,425    |
| Investment income                     | 32,355       | 44,248     |
| Interest income                       | 1,025        | 108        |
| Other income                          | 190          | 1,708      |
|                                       | \$ (95,846)  | \$ 176,745 |

## 9. Charitable programming:

|   | 2022     | 2021     |
|---|----------|----------|
| Compensation expenses (notes 10 and 11) | \$ 1,853 | \$ 1,843 |
| Programming expenses                    | 1,350    | 773      |
|   | \$ 3,203 | \$ 2,616 |

---

## 10. Administration and other fund expenses:

|                                 | 2022     | 2021     |
|---------------------------------|----------|----------|
| Compensation expenses (note 11) | \$ 5,089 | \$ 4,607 |
| Operating expenses              | 2,674    | 2,527    |
| Rent expense                    | 675      | 633      |
| Other fund expenses             | 225      | 329      |
|                                 | <hr/>    | <hr/>    |
|                                 | \$ 8,663 | \$ 8,096 |

Compensation expenses related to charitable activities are recorded in charitable programming expenses (note 9). Compensation expenses related to management and administration, including donor services, are recorded in administration and other fund expenses. For the year ended December 31, 2022, the Foundation recorded a total compensation expense of \$6,942 (2021 - \$6,450).

Other fund expenses include expenses directly related to an individual fund, such as life insurance premiums, legal and accounting expenses.

## 11. Employee future benefits:

Effective October 1, 2020, the Foundation is a participating employer in the Colleges of Applied Arts and Technology Pension Plan (the "Plan"), which is a multi-employer jointly-sponsored defined benefit pension plan for eligible employees of participating employers. All full-time employees and any eligible part-time employees of the Foundation who opt to participate are members of the Plan. As of December 31, 2022, all of the Foundation's employees are members of the Plan.

The most recent actuarial valuation as at the valuation date January 1, 2022 indicated an actuarial surplus of \$4,369,400 (2021 - \$3,270,200) representing 24% (2021 - 19%) of the Plan's actuarial liability. This indicates that \$1.24 has been set aside for every dollar of pension earned by the Plan members. In accordance with the significant accounting policy disclosed in note 2(f), the Foundation does not recognize any share of the Plan's surplus or deficit.

The Foundation and participating employees make contributions to the Plan as set out per the terms of the Plan. Contributions to the Plan made during the year by the Foundation amounted to \$322 (2021 - \$289) and are included in the Non-Consolidated Statement of Operations under charitable programming expense (note 9) and administration and other fund expenses (note 10). As at December 31, 2022, included in accounts payable and accrued liabilities is \$13 (2021 - \$53) representing outstanding remittances.

## 12. British Columbia Unclaimed Property Society:

(a) (continued):

| Statement of Cash Flows                          | 2022     | 2021       |
|--|----------|------------|
| Excess (deficiency) of revenue over expense      | \$ 3,694 | \$ (2,547) |
| Items not affecting cash                         | 2,581    | (531)      |
| Net changes in non-cash working capital balances | 9        | (126)      |
| Cash flows from operating activities             | 6,284    | (3,204)    |
| Cash flows from investing activities             | (3,872)  | 3,710      |
| Increase in cash and cash equivalents            | 2,412    | 506        |
| Cash and cash equivalents, beginning of year     | 6,904    | 6,398      |
| Cash and cash equivalents, end of year           | \$ 9,316 | \$ 6,904   |

(b) Pursuant to the Administration Agreement between the British Columbia Unclaimed Property Society (the "Society") and the Province of British Columbia, any pre-April 1, 2003 unclaimed funds that are unused, as at April 1, 2008, were to be returned to the Province of British Columbia if the agreement was not renewed. In 2008, the Province renewed the agreement for an indefinite term until either party gives one year's written notice to terminate the agreement. In 2020, the Society signed an amended and restated Administration Agreement for an initial term of five years, with automatic renewal of an indefinite number of five-year terms until either party gives one-year written notice to terminate the agreement. As at December 31, 2022, the balance of these unused funds is \$261 (2021 - \$312).

(c) The Foundation subleases office space to the Society, in respect of which it charged the Society \$57 for the year ended December 31, 2022 (2021 - \$57).

In addition, in 2022, the Society paid management service fees of \$12 (2021 - \$14) to the Foundation for payroll processing and general management support.

(d) As provided for in the Administration Agreement, the Society committed to contribute from new unclaimed property funds held by it \$4,175 (2021 - \$6,242) to the Foundation for its charitable purposes. This amount was received in 2022 and recognized in contributions to the Restricted Fund.

In 2022, the Board of Directors of the Society approved an additional transfer of \$917 to the Foundation for its charitable purposes in 2023.

## 13. Commitments:

- (a) The minimum future office lease payments to the end of the lease term which include basic annual rent and estimated operating costs are as follows:

---

|      |    |       |
|------|----|-------|
| 2023 | \$ | 776   |
| 2024 |    | 779   |
| 2025 |    | 195   |
|      | \$ | 1,750 |

---

- (b) The Foundation has entered into three contracts with vendors totaling \$530 related to administrative support services and a charitable research project.

## 14. Financial risk management:

The Foundation invests its various funds according to an Investment Policy Statement approved by the Board. This Statement outlines the objectives, policies and processes relating to investment activities and applies to all investments of the Foundation. Investment Policy guidelines include the minimum and maximum amount of Canadian equities, global equities, fixed income, real estate, mortgages, multi-strategy funds, short-term investments and cash. This diversification across various asset classes is designed to decrease the volatility of portfolio returns. The Investment Committee and management regularly review the Foundation's investments to ensure that all activities adhere to the Investment Policy Statement.

The Board has overall responsibility for the establishment and oversight of the Foundation's risk management framework, including risks related to financial management of assets.

The Foundation has exposure to the following risks from its use of financial instruments:

- (a) Credit risk:

Credit risk is the risk of financial loss to the Foundation if a counterparty to a financial instrument fails to meet its contractual obligations. The Foundation's investments in cash and cash equivalents, guaranteed investment certificates, bonds, debentures and mortgages are subject to credit risk. The maximum exposure to credit risk on these instruments is their carrying value.

The Investment Policy of the Foundation mandates that the maximum credit exposure to bonds rated "BBB" or below by Dominion Bond Rating Service ("DBRS") is 25% of the fixed income portfolio and securities rated CCC+ and below are limited to no more than 5% at time of purchase. Cash and short-term paper up to one year term maturity must have a DBRS credit rating of R-1.

# VANCOUVER FOUNDATION

Notes to Non-Consolidated Financial Statements

(Tabular amounts expressed in thousands of dollars, unless otherwise indicated)

Year ended December 31, 2022

## 14. Financial risk management (continued):

### (a) Credit risk (continued):

The Foundation's credit exposures on its bonds and debentures held in its primary investment portfolios at December 31, 2022, with comparative information for 2021, is as follows:

| Credit rating | Percentage of the market value |       |
|---------------|--------------------------------|-------|
|               | 2022                           | 2021  |
| AAA           | 21.5%                          | 22.3% |
| AA            | 31.4%                          | 40.8% |
| A             | 21.8%                          | 21.3% |
| BBB           | 18.4%                          | 12.8% |
| Less than BBB | 7.0%                           | 2.8%  |

The Foundation is also exposed to credit risk through its investment in mortgages held in its primary investment portfolios with fair values totaling \$33,410 as at December 31, 2022 (2021 - \$33,649). The mortgage priority, loan-to-value ratio and concentration of the mortgage portfolio is regularly reviewed.

### (b) Liquidity risk:

Liquidity risk is the risk that the Foundation will not be able to meet its financial obligations as they fall due. The majority of the Foundation's assets are investments traded in active markets that can be readily liquidated and therefore the Foundation's liquidity risk is considered minimal. In addition, the Foundation aims to retain a sufficient cash position to manage liquidity.

The Foundation's liquidity exposure of its primary investment portfolios at December 31, 2022, with comparative information for 2021, is as follows:

| Liquidity                               | Percentage of the market value |       |
|---|--------------------------------|-------|
|   | 2022                           | 2021  |
| Immediate liquidity (less than 1 month) | 79.4%                          | 82.7% |
| Moderate liquidity (1 to 6 months)      | 14.7%                          | 15.6% |
| Illiquid (more than 6 months)           | 5.9%                           | 1.7%  |

---

## 14. Financial risk management (continued):

### (c) Market risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises currency risk, interest rate risk and other price risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while maximizing the return.

### (i) Currency risk:

Investments in foreign securities are exposed to currency risk due to fluctuations in foreign exchange rates.

The Foundation is exposed to currency risk on its foreign market common shares and convertible securities, its foreign market bonds and debentures, foreign real estate and its pooled funds which employ foreign currency derivative instruments, as the prices denominated in foreign currencies are converted to Canadian dollars in determining fair value. The objective of the Foundation's investment policy is to control currency risk by maintaining a geographically diversified portfolio. The bond portfolio is managed by an investment manager who is restricted as to the unhedged foreign currency component of the foreign bond investments.

The Foundation's currency exposure of its primary investment portfolios at December 31, 2022, with comparative information for 2021, is as follows:

| Currency        | Percentage of the market value |       |
|-----------------|--------------------------------|-------|
|                 | 2022                           | 2021  |
| Canadian Dollar | 50.8%                          | 54.7% |
| US Dollar       | 25.5%                          | 27.1% |
| Euro            | 4.0%                           | 7.3%  |
| Japanese Yen    | 7.5%                           | 3.8%  |
| Pound Sterling  | 4.0%                           | 3.5%  |
| Other           | 8.2%                           | 3.6%  |

---

From time-to-time, the Foundation's external investment fund managers may hold balances in cash and cash equivalents denominated in non-Canadian currencies. The currency risk related to these balances is not significant.

Notes to Non-Consolidated Financial Statements

(Tabular amounts expressed in thousands of dollars, unless otherwise indicated)

Year ended December 31, 2022

---

## 14. Financial risk management (continued):

(c) Market risk (continued):

(ii) Interest rate risk:

Interest rate risk relates to the risk that changes in interest rates will affect the fair value or future cash flows of financial instruments held by the Foundation. The Foundation is invested in a number of fixed income instruments, individual bonds, pooled bond funds, as well as pooled mortgage funds.

Duration is the most common measure of the sensitivity of the price of a fixed income instrument to a change in interest rates. The Foundation's portfolio managers vary the duration of the fixed income holdings in their portfolios in order to accommodate possible changes in interest rate. At December 31, 2022, the average duration of Canadian fixed income held in the Foundation's primary investment portfolios was approximately seven years (2021 - eight years).

(iii) Other price risks:

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices, other than those arising from interest rate risk or currency risk, whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. Equity price risk is the risk that the fair value of equity financial instruments will fluctuate due to changes in market prices. The Foundation is exposed to equity price risk on its investments in common shares and convertible securities. The objective of the Foundation's investment policy is to manage equity price risk by maintaining a portfolio which is diversified across geographic and industry sectors. The performance of the Foundation's investments is monitored by measuring against a benchmark consisting of relative weightings of various stock indices.

The Foundation's equity risk in its primary investment portfolios, excluding multi-strategy funds, at December 31, 2022, with comparative information for 2021, is diversified across the following geographies and industry sectors:

---

| Geography                | Percentage of the market value |       |
|--------------------------|--------------------------------|-------|
|                          | 2022                           | 2021  |
| Canada                   | 38.2%                          | 38.1% |
| United States of America | 25.6%                          | 28.1% |

## 14. Financial risk management (continued):

(c) Market risk (continued):

(iii) Other price risks (continued):

| Sector                 | Percentage of the market value |       |
|------------------------|--------------------------------|-------|
|                        | 2022                           | 2021  |
| Industrials            | 20.1%                          | 19.8% |
| Consumer               | 18.7%                          | 18.9% |
| Financials             | 15.3%                          | 17.8% |
| Information technology | 17.4%                          | 14.6% |
| Communication services | 7.5%                           | 9.4%  |
| Health care            | 8.7%                           | 8.1%  |
| Other                  | 12.3%                          | 11.4% |

(iv) Valuation risk:

Valuation risk is specific to appraisal-based assets such as real estate. The Foundation is exposed to valuation risk through its real estate investments in its primary investment portfolios with fair values totalling \$149,415 as at December 31, 2022 (2021 - \$128,336). Properties within these funds are regularly reviewed, at least once a year, by an approved appraiser and valuations are updated accordingly.

## 15. Capital management:

The Foundation invests in accordance with the Vancouver Foundation Act (the "Act").

Prior to 2008, the Act required that capital of permanently endowed funds be maintained in perpetuity. In 2008, the Act was revised to allow the Foundation to make distributions of up to 7% of the original contributed capital to the fund as determined at 2008, subject to the Board's approval. There were no distributions of capital of permanently endowed funds subject to Board approval in 2022 or 2021.

## 16. COVID-19 Response and Recovery Funds:

In 2020, the Foundation partnered with Vancity, United Way of the Lower Mainland and Community Foundations of Canada to establish the Community Response Fund and Emergency Community Support Fund (collectively referred to as the “CRF”) to support charities across British Columbia impacted by the COVID-19 pandemic. The CRF provided total support of \$20,034 through grants in 2020 and 2021.

In 2022, the Foundation partnered with the Government of BC, United Way BC and New Relationship Trust to establish the Recovery and Resiliency Fund (“R&R”) to support organizations in the charitable and non-profit sector across British Columbia, disproportionately impacted by the COVID-19 pandemic, with recovery efforts and long-term planning.

A summary of support provided by R&R during 2022 is as follows:

---

|   | 2022      |
|---|-----------|
| R&R balance, beginning of year                  | \$ -      |
| Government contributions revenue                | 30,000    |
| Internal allocation from unrestricted resources | 2,000     |
| Interfund transfers from fund advisors          | 4         |
| Total inflows                                   | 32,004    |
| Grants expense                                  | (5,000)   |
| Administration fee expense                      | (193)     |
| R&R balance, end of year                        | \$ 26,811 |

---

Subsequent to December 31, 2022, the Foundation received an additional contribution of \$60,000 from the Government of BC for the R&R Fund.
