

2024 Grant Recipients
LEVEL BIPOC

What's unique about this grant?

BIPOC-led organizations face disproportionate barriers to accessing reliable and flexible funding, which impacts their capacity to run programs and initiatives, manage resources, and respond to emerging needs. Addressing racial inequities and injustices is critical to create systemic change, and racialized communities are at the forefront of developing solutions by and for their communities.

The LEVEL BIPOC Grants Program invests in the leadership capacity of BIPOC-led and BIPOC youth-led and/or youth-engaging organizations operating in BC.

“These grants of \$150,000 offer flexible, multi-year operating funding for BIPOC-led registered charities and registered non-profit societies in BC. This funding can be used to strengthen their operational sustainability and adaptability to continue supporting the changing needs of their communities over time.”

In 2024, LEVEL BIPOC Grants offered two grant types, BIPOC Leadership and BIPOC Youth Leadership. See who received a LEVEL BIPOC grant in 2024:
